Pant Fitting

Christine Jonson Pattern # 1010 *Pants for Woven's* are excellent fitting patterns. Their simplicity makes them THE pattern to conquer your personal fitting issues quickly and effectively.

In this class we offer *fitting muslins* made up in every size ready to be personally fit by Christine.

This is the pant class you have been waiting for. Let Christine's years of fitting experience simplify what has become a major frustration for home sewers.

The Perfect Sizing Worksheet Class

The *Perfect Sizing Worksheet* has become an essential tool for many home sewers looking to make the perfect match between pattern tissue measurements, body measurements and fabric characteristics. Learn to combine these essential components to achieve the fit you want for every garment you sew. This worksheet is a teaching guide useful for all pattern fitting regardless of what pattern company designs you are sewing with.

Sewing as a Creative Habit

Would you like to accomplish more in your sewing room? Turn sewing and all it has to offer into a creative habit. Utilize favorite techniques, design details and shaping to yield better garments. Learn to "see" your pattern pieces and how they relate to your body in a new way. Learn to execute consistent habits that will save time, reduce stress and encourage creativity.

Length, Proportion and Simple Shaping

Here is an opportunity to learn the skills needed to make adjustments in length and proportion that will give your garments that perfect and polished fit. There can be six or more length proportions to be determined before hemming a suit to perfection. Learn that horizontal lines can be your friends when proportioned properly. See how clever seaming and shaping can balance as well as redefine your proportions.
